Woman Sought In Local Robberies

FOUR FLEE FOR LIVES AS \$10,000 FIRE HITS SAN PABLO HOME, DAIRY

Flames, started by an explosion in the pasteurizing plant of a dairy on the Rudolph Schwartz ranch on the San Pablo Creek road yesterday afternoon, destroyed a house, barn and 75 tons of hay before the blaze was placed under control.

Joe Silva, foreman of the dairy, his wife and their three small children, ranging from three to five years, barely had time to escape from the house in which they lived before the small dwelling was gutted by the flames.

An estimate of the damage made last night places the loss at \$10,000, partly covered by insurance.

Fear was felt that the blaze would extend to the surrounding ranches owing to the high winds and the dryness of the grass. The San Pablo fire department was called and managed to confine the fire to the ranch buildings.

The Schwartz ranch is leased by the Eagle Creamery as a dairy. The boiler in the pasteurizing plant is believed to have become overheated while workmen were washing milk cans which they had brought back from Richmond deliveries. An explosion occurred and a quantity of gasoline stored in a tank on one of the buildings became ignited. The flames spread to the adjoining house and to the barn in which the hay was stored. Silva and his wife, without waiting to gather any of their possessions, fled from the house with the children. They were being cared for last night by neighbors. The entire equipment of the pasteurizing plant was damaged by the explosion and the blaze.

"Toy Gun" Bandit Trial Held Over On Court Order

Superior Judge H. V. Alvarado yesterday continued from Tuesday until next Thursday time of the sanity hearing and sentence of Harold J. Moranda, 25, Richmond "toy gun bandit," convicted by a jury of second degree burglary for the looting of the W. J. Zimmerman home in Richmond. Moranda invoked the plea of not guilty and not guilty by reason of insanity. Postponement of his sanity hearing was ordered when the court was informed that alienists summoned by the state would be unable to be in Martinez Tuesday, the date first fixed for the sanity quiz. The same jury that found Moranda guilty of burglary will determine his sanity. If he should be adjudged insane the guilty verdict would be annulled automatically.

OIL MAN FOILS BRIBE ATTEMPT

WASHINGTON, Sept. 7.—(UP)—Two middle aged revenue agents who were said to have tried to outsmart Harry F. Sinclair, were released on bail today pending the action of a federal grand jury after one of them had been caught with \$10,000 of alleged bribe money tucked away in the crown of his hat.

Federal agents arrested Elmer Andrews as he was leaving the office of Sinclair's attorney, Reginald W. Ragland. They took off his hat and down about his shoulders fluttered the money in marked bills.

The oil magnate identified them as the ones he had given to the attorney to give to Andrews, a revenue agent and the case was immediately presented to the grand jury.

It was said Andrews and a fellow agent, Edward Brown, had offered to save Sinclair a quarter of a million dollars on his 1925-26 income tax for a bribe of \$37,500. The \$10,000 in marked money was alleged to have been first payment on the bribe.

HOMES ROBBED OF MONEY AND FEMALE ATTIRE

Belief that a female burglar may be operating in Richmond was voiced by police last night after two reports of robberies had been filed by local residents. The theft of women's wearing apparel valued at \$25 from a local home was the basis for the opinion that a female robber had been at work.

The home of A. J. Schwerm, 335 Bissell avenue, was first victimized by the robber. When the family returned yesterday afternoon it was discovered that \$25 had been stolen. Nothing else was taken.

Next the burglar, believed to be the same who robbed the Schwerm home, entered the home of M. J. Dwyer, 407 Twentieth street, where she stole a quantity of women's wearing apparel valued at \$25 was stolen.

Police last night were without substantial clues on which to base their search for suspects, although they were of the belief the thefts may be traced to a woman.

Tragedies in State Kills 2; Scores Periled

SAN FRANCISCO, Sept. 7.—(UP)—Two persons were killed three were missing and more than 125 lives were endangered by fire in northern California today.

One man was dead and three were missing as the result of a water front fire here. The mine fire received the greatest attention although no casualties had been reported from it. Will J. French, head of the state industrial accident commission, said he believed a check would be made for all men who were in the shaft when the blaze started.

PEACE RECORDS OF PARTY TOLD BY CANDIDATE

By RAYMOND CLAPPER
United Press Staff Correspondent

WASHINGTON, Sept. 7.—(UP)—The last two Republican administrations have accomplished the greatest steps toward international peace that have been taken by any country since the end of the world war, Herbert Hoover said today in answering Democratic criticism.

Hoover mentioned the Kellogg Briand anti-war treaty, the agreement at the Washington arms conference under the leadership of Charles Evans Hughes, then secretary of state, and the German reparations plan, which he said were the greatest achievements of the party.

"The Democratic platform," Hoover said, "is a platform to convey the impression that to accomplish what has been done by the Republican administration in the advancement of world peace, the arrival of Secretary Kellogg after the signing of his great treaty for the outlawry of war at once demonstrates that this is not the case. He has accomplished a magnificent step toward world peace by the renunciation of recourse to war for the solution of international controversies."

"The secretary has proposed about a change in fundamental ideas which will effect all the future international relations. The early return of Secretary Hughes from Europe also brings to mind the tremendous accomplishments of the Washington arms conference."

"To this may be added the solution of reparations through the commission headed by General Dawes."

"These three contributions point to this administration as having accomplished the greatest steps toward international peace by any country since the signing of the peace treaty ending the great war."

WASHINGTON, Sept. 7.—(UP)—To elect Hoover will be akin to buying insurance against war," said Mrs. J. L. Hughes, Republican National committee woman from Washington state, after a conference with Mrs. Alvin T. Hart, vice-chairman of the Republican National committee, today.

Martinez Democrats in the South Robinson club have unanimously adopted resolutions calling upon G. A. Wilcox, former democratic national committeeman and recently re-elected, to resign forthwith in order that "some active Democrat may be appointed" for the campaign.

Wilcox, after announcing that he could not find footing on the Democratic wet platform of Governor Al Smith and declaring his intention to vote for Hoover simultaneously displaying a picture of the latter in the window of his home declined to resign from the Bourbon committee.

The meeting of the Democratic committee was featured by the declaration of Attorney Tom Johnston that he is for Smith and he discouraged at length as to his reasons for such political stand. H. M. Bishop, Johnston's law partner, presided at the Democratic meeting in Curry hall at which J. W. Ehrlich was the principal speaker and at which A. C. ONLY PARTISAN OPPOSITION

What could be more futile than the effort of the Democratic candidate for president to criticize the Republican administration for what he said was its failure to advance the cause of peace?

He might have a chance to get away with such an impounded claim were it not for the fact that the Coolidge administration has just brought to fruition the treaty outlawing war as a policy of an instrument of national policy.

That is one of the greatest steps in the interests of international peace that has been taken in all of recorded history. The press, leaders of thought in all lines and the rank and file of American men and women have so characterized it.

Hoover applauds it and the Kansas City convention endorsed it. Only the Democratic candidate for president condemns it. The people will stand by the friends of this peace plan when they speak November sixth.

HOOVER AND SERVICE

The political integrity of Herbert Hoover is established. His honesty cannot be assailed nor can an attack consistently be made on the exceptional measure of his intelligence. He has been a doer of big things and stupendous undertakings for the relief of suffering humanity, and he can point to deeds actually accomplished. His achievements in behalf of those in distress at home or abroad spell service, and if ever there was a man whose ambition is to do something for somebody else, that man is Herbert Hoover.

Of all the qualities of Herbert Hoover the one towering above others is his honesty in thought, word and deed. He is absolutely on the level and his sincerity and simplicity attract people and cement the attachment. Herbert Hoover does not employ political tactics to trick people to get votes.

Vote for Hoover and Curtis.

If Smith keeps on defending his past record, he will have to get somebody else to let the people know what the Democratic party intends to do in this campaign.

It has always been said that Smith could listen to applause much more contentedly than he could listen to attacks. In the last few weeks this has been proved conclusively.

Tammany's love for the farmer is the best piece of political comedy ever conceived.

BEAUTY

Dear Miss Lane,
For months I have been bothered with blackheads and nothing I do seems to help get rid of them. I am terribly conscious of them and feel that they spoil my whole appearance. Can you suggest any treatment?

PATSY

To banish blackheads it is essential to eat a well balanced diet, have proper elimination of waste, take plenty of exercise to stimulate a possibly sluggish circulation and to keep the skin scrupulously clean.

Blackheads are caused by the hardening of the semi-fluid secretion of the sebaceous glands in the pores of the inactive skin. Severe cases of acne will often result from blackheads if they are not treated properly and quickly. If such a case of acne (pimples) develops, consult a dermatologist. Many skin specialists have found X-ray and ultra violet ray treatments efficacious in clearing up such a condition.

Usually black heads appear as a coarse, oily skin which should be cleansed thoroughly every day with the use of green soap. If your skin is not oily, cleanse it with castile soap or almond meal. Be wary of squeezing out blackheads because of the danger of spreading the infection. First cleanse the skin as suggested above, depending on your type of skin, then gently press out the blackheads between your fingers wrapped in clean gauze. Follow this with an application of an antiseptic solution and then use your astringent lotion to help contract the pores. There are excellent pore creams on the market which will help to refine the texture of the skin after such treatment.

REED BOATS

CHILDREN OF BOLIVIA

One day mother, father, Rubia and Romero took a trip. They went to Lake Titicaca, 50 miles away. That lake is the highest in the world on which there are steamboats! It is a big, big lake. The great steamships that sail there were made in Scotland. They were carried piece by piece up the Andes mountains. Then they were put together again. Indians live there, too. But they have boats of woven reeds like baskets.

By traveling and using one's eyes, much can be learned. So, Rubia and Romero learned that the products of Bolivia were sent out from there on Lake Titicaca down into Peru. And trains carry loads to and from the lake. And manufactured shoes, books and other things come into Bolivia over Lake Titicaca. Rubia and Romero were interested. "Some day," they said, "we will be workers for our Bolivia, too."

HARD TIME PARTY IS ENJOYED

Thirty young people in costumes enjoyed the program of games arranged by Pauline Carlin, Jane Kunkle, Margaret Davis and Hortense Guaga. The same committee also made the arrangements for the delicious refreshments served during the evening.

DRAMA, THRILL IN PICTURE AT LOCAL THEATER

Belle Bennett adds another character to her already famous roles. This gifted actress is seen in the title role of the Tiffany Stahl production "The Devil's Skipper" which is the feature picture attraction which was shown here last night at the Richmond theater.

"The Devil's Skipper" is an adaptation of the London story "Demetrius Contos" and tells of the adventures of a woman who is known far and wide as the "Devil's Skipper." She is cold, aloof, hard to her crew of brigands, but there is just one of the crew, the first mate, who is in her confidence and is aware of the terrible story that has turned a beautiful and cultured New Orleans belle into a stern visaged and roving sea captain.

For years she has looked forward to the time when she could have her revenge on the man who tore her away from her baby and had her shanghaied aboard a sailing vessel. Twenty years later she meets her husband face to face, tells him a story, makes him realize that he is facing his wife and when she outlines her plan for revenge for his deed, the action becomes so tense and dramatic that its grip on the audience is telling.

We repeat that Belle Bennett in the role of the sea captain has enacted her greatest screen role to date, while Montague Love as the First Mate is seen in the rather unusual character of a man of not being a villain. Others who helped to make this an outstanding production include Culleen Landis, Mary McAllister, Gino Corrado, G. Raymond Nye, Pat Hartigan.

The adventure serial "The Isle of Sunken Gold," an hilarious Paramount comedy "French Fried" and other short films will be shown.

Comedians Will Present New Act

Nat Holt's comedians will again be at the California Theatre tomorrow at matinee and evening performances.

Their new show is called "Kiss Me Caroline" and Holt has wired that it is a faster revue than he presented last Sunday, with an entire change of scenery, wardrobe and music, songs and dance routine.

Bobby Fitzsimmons states that he especially likes to come to Richmond it being his old home town so we can look forward to some good work from this clever comedian.

Supporting Fitzsimmons will be Jimmy Edwards, Valerie Noyes, Clarence Wurdig, Florence Spurrier, the Knight Sisters, the Golden Gate Quartette and the talented beauty chorus.

On the screen "Say It With Sables" featuring Helene Chadwick, Frances X. Dushman, and Margaret Livingston. It is an absorbing drama of mystery and is said to be a very entertaining picture.

IMMIGRATION RESTRICTIONS arouse the life of delegates to Interparliamentary Union at Berlin. The United States, although not directly mentioned by name, comes in for chief censure. While condemning the bars raised against immigrants, the delegates in righteously indignation denounce countries which do not provide some form of unemployment, sick or other social insurance for foreigners admitted. This is a ridiculous and inconsistent attitude. The United States has rigorous exclusion and restriction laws. Too rigorous, many maintain. But in demanding that immigrants seeking to make a home in this country be physically and mentally able to support themselves and their families and that they give evidence of possessing sufficient funds with which to get their start here, it would seem we have done enough. It is preposterous to ask a country to insure a livelihood to unsolicited "guests."

TRIAL ADJOURNED

STOCKTON, Sept. 7.—(UP)—Trial of James Y. Coates, county supervisor, and William Rieck, sheriff of San Joaquin county, on charges of accepting bribes was adjourned until next Wednesday after the prosecution had rested.

The plot is based on a small-time vaudeville troupe where Haines as Eddie Kane marries Josephine Dunn (a real actress by the way). The wife finds herself to be merely "Excess Baggage" in her husband's act and when she is given the opportunity for screen success takes advantage of it.

Without her, Kane finds that he can no longer do his dangerous act which was just to earn him fame, and fortune on the big time and he, in his turn, becomes "Excess Baggage." A year later both parties meet in New York City and work out their problem in an exciting and novel manner. The resulting picture is a real screen entertainment of the very highest order.

COOKING WITH A MODERN GAS RANGE
gives speed, cleanliness and fine baking.

With the modern Gas Ranges cooking is easier. The oven heat is automatically maintained at any desired temperature by the Oven Heat Control. You know whether your oven is "slow", "moderate" or "hot". That makes the baking of meats, pies and cakes simple. The smooth cooking surface where one boils or fries food, distributes heat evenly which means better frying. It protects the burners from food that might boil over. That makes the range itself so easy to keep clean.

How can you afford to be without a modern Gas Range with gas fuel so cheap and everyone liking good home cooking—which you can do easily and quickly with a new Gas Range.

SATURDAY MORNING, SEPT. 8, 1928.

BULLETS FLY AS GANGLAND ISSUES DEFY

By W. F. SULLIVAN
CHICAGO, Sept. 7.—UP.— De-
fying the law today, the Under-
world spoke with bombs and bul-
lets in two separate outbursts
which resulted in damaging a
police captain's home and in the
death of Tony Lombardo, reputed
figure "king" and former hench-
man of Al "Scarface" Capone.

The shooting of Lombardo in
the center of the Loop district
was the most daring affront the
Underworld has made to the law
in many months. Thousands of
persons enroute to their homes
were thrown into a frenzy when
two men drew revolvers from
their pockets and shot down Lon-
bardo and Jimmy Ferraro, a
companion. Ferraro is in a cri-
tical condition in a hospital.

The shooting occurred a few
hours after the home of Captain
Lake J. Garrick, commander of
the Desplains street police sta-
tion, was bombed. The bombing
caused police heads to fear the
Underworld was preparing a re-
sumption of reprisal attacks such
as occurred here a few months
ago.

Lawrence "Dago" Mangano, own-
er of the gambling house, was ar-
rested and booked for the bomb-
ing when witnesses told authori-
ties he had boasted he would
"blow Garrick's home sky high."

Mrs. Anna E. Garrick, wife of
the police captain, who was suf-
fering from heart disease, was
hurled from her bed by the blast
and suffered from shock. She was
taken to a hospital, where, it was
said, she was in a critical con-
dition.

Colleta Klauke, 7-months-old
granddaughter of the Garricks,
was found laughing in her crib
under a pile of debris. She suf-
fered slight cuts.

The shooting of Lombardo and
Ferraro was believed by police to
be the result of a struggle be-
tween Joe Aiello gang and the
Lombardo forces for supremacy
of the "ally" trade in Chicago.

A few weeks ago police found
a cache of guns and ammunition
planted across the street from
the home of Lombardo in Cicero and
since that time the reputed "gun-
lord" has been in hiding.

Aiello and Lombardo, police said,
were driven to take over the west
side "ally" trade once held by
the famous Genna Brothers gang,
which has been annihilated.

School nurse says

all girls should
know this

TALKING to a roomful of high
school girls on personal hygiene,
an experienced district nurse said:
"One of the basic rules of health for
girls is to keep the system functioning
naturally at all times. Normal exercise
and diet habits should be encouraged.
But when necessary, there is no harm in
taking nujol, since it works me-
chanically and can't disturb the normal
functions of any organ of the body.
Particularly with girls, there are times
when nujol should always be taken.
Take a spoonful every night for a few
days. It's a thoroughly safe and harm-
less method. It won't cause distress or
gas pains or griping."
Nujol is different from any other sub-
stance. It contains no drugs or medi-
cine. It can be taken safely no matter
how you are feeling because it is so
pure and harmless. Get nujol so
early. Every woman should keep a
bottle on hand. Every druggist has this
remarkable substance. Get the genuine.

the junior membership department
urges the organization of juniors
into club groups, the first to be
formed to be sponsored by Club
Mendelssohn of Richmond, under
the supervision of Mrs. James A.
McVittie, county chairman of jun-

The county federation is always
interested in the reports made
from the Sunshine camp, the chair-
man of the child welfare depart-
ment, yesterday telling that since
the opening of the camp a year
ago, 64 children have been enrolled
and 43 discharged. The chairman
urged the clubs to aid the camp,
by sending canned, fresh or dried
fruits, sheets, towels, swimming
caps and other articles needed.

The reports of the county club
presidents concluded the morning
session, after which luncheon was
served by a church auxiliary of
Pittsburg.

gram was presented, including so-
los by Mrs. Ray Murphy of Avon
and Mrs. A. G. Brer of Alamo,

"Farm Women's Interest in Club
Work" was the topic of Miss Har-

home demonstration agents who
operate in the agricultural sec-
tions of the state and the work
they accomplish in helping the
farm woman with many of her
problems.

Echoes of the world war were
brought by Mrs. C. M. Haring,
state chairman, home extension de-
partment who told of visiting in
Louvain recently and seeing in
nearly every rural home a flour
sack of California embroidered and
framed or made up into a pillow.
One of these she displayed to the

Murder Jury Visits Scene Of Slaying

LOS ANGELES, Sept. 7.—UP.—
An unexpected delay in the trial
of Russell S. Beitzel, former Phila-
delphia engineer, accused of the
murder of his sweetheart, Barbara
Mauger, occurred late today when
it developed the defense had not
been served with proper papers.

The jury of seven men and five
women, the trial judge, attorneys
and court officials today visited
the spot in a brush covered can-
yon where the nude body of the
girl was found, weeks after she
had been shot.

Beitzel showed no signs of emo-
tion as the court passed the spot
where the girl was found. Ten
locations were pointed out to the
jury and designated by numbers
for reference during progress of
the trial.

Henry L. Mauger, father of

Barbara, prepared to resume the
witness stand as the court return-
ed from the death scene, but de-
fense attorneys notified the court
that they had not been given a
transcript of grand jury testi-
mony. Due to the oversight, court
was adjourned until next Tuesday
morning.

Miss Mauger, who came to Los
Angeles from Philadelphia with
Beitzel, was about to become a
mother when she was killed, phy-
sicians have testified.

BAD NEWS FOR BALD

ST. LOUIS, Sept. 7.—(U.P.)—Bald
men who go bareheaded in the
sun to stimulate the growth of
hair, are following false hopes,
according to Prof. Mildred Trotter,
of the School of Medicine at
Washington University, St. Louis.

Prof. Trotter has been doing re-
search work for several years on
the growth of the hair.
Women who diligently apply
petroleum to their eyebrows and
eyelashes to increase their growth
are equally deluded, Prof. Trotter
contends.

Movie Actress Buys Hat While Ex-Mate Marries

PARIS, Sept. 7.—(U.P.)—Constance
Talmadge, American motion pic-
ture actress, bought a hat today
while her former husband, Capt.
Alastair MacIntosh, and Miss Lela
Emery of New York, were being
married.

Miss Talmadge confided be-
tween the time it took to go from
the hat shop to a dressmaker's
shop—that she didn't attend the
wedding because she wasn't in-
vited.

But she knows a thing or two
about Scotch husbands and she
explained the advantages and dis-
advantages peculiar to that type
of marital companion, as observed
by a movie star.

"I can recommend him as a
husband," she said. "But there are
certain factors which must be

considered in marrying a Scot-
sman.
"It is easy to get a divorce in
Scotland, you know," she contin-
ued. "The only hardship is that
you have to marry a Scotsman
to get it."

KNUTE HANSEN IS CHOICE OF TEX RICKARD

By GEORGE KIRKSEY

Knute Hansen, Tex Rickard's choice to succeed to the heavy-weight title vacated by Gene Tunney, has done most of his fighting outside of the prize ring.

Although Hansen began his professional career in 1922, he has engaged in less than 24 professional bouts in six years. Managerial troubles early caused Hansen to leave the prize ring in disgust and seek adventure in other worlds.

As a kid, he learned to use his fists in neighborhood battles in Racine, Wis. One day he and his brother fought two hours over a nickel to see a movie, and at the end both of them were blinded and they couldn't go to the show.

A quartet of Wall Street men acquired Hansen's contract shortly after he entered the professional ring. He boxed in several bouts around Racine and Milwaukee, and then Tom McArdle, Milwaukee promoter, sent him east. The Wall Street syndicate appointed Joe Woodman and George Lawrence to handle Hansen. They signed him to a long-term contract and under the terms he was guaranteed \$75 a week to live on.

For an obscure youth, Hansen did some pretty good fighting, but he never received any money from his managers for his bouts. Disgusted over the turn of affairs, Hansen bolted and headed for the Pacific Coast.

He worked his way across the continent on a cattle train, sleeping in the same cars with the steers. In Oregon he met an old friend who was captain of a freighter. When the boat sailed for China Hansen was aboard.

Hansen's fists were not idle long after he arrived in the Orient. When he got short of cash he picked out the local champion and whipped him for spending money.

Once Hansen got into a brawl with a gang of Chinese smugglers and licked them all. He knocked out the British Navy heavyweight champion in two rounds. A big 200-pound negro who had quite a local record Singapore was stopped in one punch by Hansen. They didn't make him big enough in the Orient to whip this big rollicking Dane.

Opportunities

Nothing is more at variance with the truth than the old saying that opportunity comes but once. Opportunities are never lacking for those that are prepared to accept them. Usually the possession of a little ready money means the enjoyment of decided advantages. A growing savings account in the American Trust Company, where funds earn four per cent interest, compounded semi-annually, is of great assistance to every person ambitious to succeed.

Seals Climb By Defeating Stars

SAN FRANCISCO, Sept. 7.—UP

The "give and take" battle continued in the Pacific Coast league today, the Seals beating the Stars, 6 to 5, and Oakland nosing out the Solons by a score of 4 to 3 in 10 innings.

As a result, Hollywood still leads Sacramento by two games, while the third place Seals climbed to within five games of the leaders.

Hollywood and the Seals played nip and tuck ball. Each team made 12 hits, but two Hollywood errors turned the tide to the Seals.

The Oaks overcame an early Sacramento lead to beat Crandall, the Solon hurler who retired in the tenth in favor of Gould when Oakland began hitting.

The Missions beat Los Angeles, 15 to 1.

Portland came through to take a double header from Seattle by scores of 3 to 1. The final game was called after seven innings.

Sannies, San Pablo Clash Here Sunday

SAN FRANCISCO, Sept. 7.—UP

Another "natural" is offered baseball fans of this section tomorrow when Phil Jones' Richmond Sannies meet the San Pablo leaders of the Maxwell league in a contest which may decide the eventual pennant winner of the loop.

Jones' men have been coming along fast in their last few starts and the San Pablos are no cinch to come out on top. Fickes and Andrews will do mound duty for Sannies, while San Pablo will use Kamb, holding Peacock, Brendel and Murphy in reserve.

YANKEES TIED KLINK EASILY FOR LOOP LEAD DEFEATS WHITE BY ATHLETICS AT EL CERRITO

NEW YORK, Sept. 7.—UP

The Yankees' cup of woe was filled to overflowing this afternoon when the Senators knocked them down in a tie with the Athletics by taking both ends of a double header, 1 to 0 and 7 to 0.

The Mackmen closed the gap by trouncing the Red Sox twice at Boston 11 to 0 and 6 to 3.

Thirty thousand fans saw the crushing of the champions here. They saw young Irving Hadley hold the Yankees to three hits in the first game, allowing only Babe Ruth to reach second base. Babe also got two of the three Yankee hits.

Big Fred Marberry, who blanked the Yankees in Washington Sunday, was the pitching hero of the nightcap.

Tonight the sympathy and the cheers of millions of baseball fans through the country—outside of New York—were all for Connie Mack and the gamest ball club he has put in the field since he smashed up his famous aggregation of stars more than a dozen years ago.

The odds are that the Athletics will go on now and win their first pennant in 14 years, leaving behind a discomfited, disgruntled rival, a team which suffered from the oldest maladies, inflation of the cranium.

The day's doubleheaders demonstrated the present superiority of the Mackmen over the Yankees. The "A's" had no easy time beating the Boston Red Sox. "Lefty" Grove, Connie Mack's south-paw ace, had to pitch his head off to win the first game of Fenway park, 1 to 0. Grove held the Sox to four hits, while Ruffing allowed the Athletics six.

In the second game, the Mackmen got away to a fast start, scoring six runs in three innings off Macfadden and Griffin. They needed the lead, for the Red Sox found Earnshaw and Orwell for a ringing round of base-hits, and it was not until Ed Rommel took a hand that Carrigan's young men were safely subdued, the Athletics winning, 7 to 3.

PAPA STOPPED IT

COLUMBUS, Neb., Sept. 7.—UP—A father's telegram completely wrecked plans for a marriage of an Ericson, Neb., couple. William Wunderlich, 22 and Bertha Brent, 16 applied for a license at Judge Gibson's office. The girl's age was given as 21. As the clerk was making out the license and Wunderlich's sister was waiting to be a witness at the ceremony, Sheriff Kavanaugh entered with telegram. It "Send them home unmarried." They were sent.

Sydney White, San Francisco

boxer, was just a rough and winning boy last night against Frank Klick in the 10-round main event, at promoter Joe Rossi's El Cerrito pavilion. White had great difficulty in keeping out of the path of Klick's punches and pulled up a poor second at the end of the milling. The San Francisco battler proved a human sponge so far as absorbing punishment was concerned, and it was no surprise when Referee Bert Wallace, the (formality of raising Klick's hand in token of victory, Wallace, by the way, came in for as much attention as the fight, being constantly in the limelight by virtue of recent poor decisions handed out at El Cerrito. Last night he missed another, according to the fans, who will be just as well satisfied if Wallace never again acts as third man in the ring.

The night between Eddie Doody and Joe Limas, which looked like a good draw, brought boos from the fans when Wallace awarded the decision to Doody. The fans thought Limas had an edge in the milling, or at least should have received a draw.

Mickey Brown, Richmond scrapper, found a fast moving target in the person of Kato Nakamura, Japan, and Mickey succumbed to a volley of blows in the second round. The Oriental was too clever for the Richmond boy.

Pat Sweeney, San Francisco, was guilty of a social error in his fight with Pedro Torres in the semi-windup. Sweeney had everything his own way when the fight started. He took further liberties by knocking out one of Torres' teeth. The man from Panama spat viciously and proceeded to get his man, Sweeney being counted out in the third round.

Pete Tripodes knocked out Rebel Stewart in the second round of the curtain raiser.

Fred Cullen and Frankie Denney who will battle it out in next week's main event, were introduced from the ring.

Lomski Defeats Former Champ

DETROIT, Sept. 7.—(UP)—Leo Lomski, Aberdeen battler, gave Pete Latzo, former welter champ, the worst beating of his career in winning a ten round decision over the latter here tonight.

Lomski outstepped and outjabbed Latzo and won in nine of the rounds.

MARTINEZ, Sept. 7.—UP

Sheriff Ralph Harrison today turned in to the county treasury \$111 netted yesterday afternoon from the sale of equipment of a distillery on Bethel Island, seized by sheriff's officers last May.

With only a few bidders and offers of small amounts submitted a half dozen individuals bought tanks, pipes and copper for about a third of the actual cost.

The only equipment remaining

unsold is a boiler and pump, confiscation of which is being opposed by the Davis Iron Works of Stockton, which claims that \$450 is due on the equipment, which was sold to William Dorsey and Frank Santuri, now serving county jail sentences for operation of the plant.

Sale of the still, with the exception of the boiler and pump, was approved by Superior Judge H. V. Alvarado.

RAY BARBUTI FOUGHT WAY TO VICTORY

By FRANK GETTY

When Ray Barbuti of Syracuse broke the tape in a driving finish of the 400 metre run at Amsterdam, history repeated itself. Like Jackson Scholtz in 1924, the husky New Yorker proved the only American winner of a race on the flat in the Olympic Games.

There has been considerable speculation since the return of the United States team, as to the reason why Barbuti, never particularly prominent among American quarter milers, should have been our best track performer at the Games.

The answer is found in one short, and rather ugly word: "taps." If we are to have sport maintained at the apex of public interest, as seems inevitable, the adoption of sporting vernacular seems equally inevitable, and there is no prettier word which quite so aptly expresses that quality which carried Barbuti to victory.

Ray is a fighter. Retiring in repose, the Syracuse football and track star bristles in action.

When he won the quarter mile run at the spring meet of the I. C. A. A., he did so by driving through pools of water along the back stretch while more cautious runners ran wide, seeking safer footing. Watching Barbuti that rainy afternoon at Cambridge more than one observer ticked him as a likely Olympic winner, and the confidence was more than justified when he fought off the challenge of Bill of Canada in the straight away at Amsterdam.

From the time of the arrival of the U. S. President Roosevelt Barbuti was itching for action. A rough and tumble fight would have relieved his pent up energy, and he was not adverse to seeking it, fortunately without success. When he finally felt the claders of the Olympic stadium beneath his spikes, nothing could stop him.

years over their regular elective term of office, Dr. Ricardo Dolz, member of the Cuban senate, has presented his resignation to that body on the ground that he does not care to hold office for a period longer than which he was elected.

No definite action will be taken by the Cuban senate immediately in accepting or rejecting Dr. Dolz' resignation, as less than half the necessary number for a quorum are in Cuba at present.

Tolstoy's Servant

The servant went to market to buy pears, of which his master was inordinately fond.

"Good fruit," said the master, "or a beating for you!"

There were delicious pears in the market, and the servant selected a dozen of the finest in appearance. But here entered a doubt: Were they equally good in flavor? Would they satisfy the palate as well as the eye? The more he considered the matter the more anxious he became. That beating if the fruit were not satisfactory!

Desperately he bit into one. It was good. But the others?

Recklessly he bit into a second. It also was good. But how could he be sure the merchant was not cheating on those that remained?

In a frenzy he snatched a bite from all in turn; and then in triumph brought the fruit to his master...

BRITAIN SAYS U.S. BLOCKED PEACE TREATY

LONDON, Sept. 7.—(UP)—The "unreasonable opposition of America" emphasized by the failure of Secretary Kellogg to visit London on his European trip, has forced the Government to abandon the proposed naval compromise with France, according to an unconfirmed report published in the Labor Party newspaper "Daily Herald" tonight.

Although it had been said in certain circles that the naval agreement had reached a point where abandonment is pardonable, there has been no official word to indicate that the Daily Herald story is authoritative.

The Anglo-French naval agreement, which has been the center of heated controversy and wide speculation since it was announced by Sir Austen Chamberlain several weeks ago, has never been made public. Both French and British officials said the terms of the pact would not offend any other power but that it would be kept secret until replies have been received from the United States, Italy and Japan. The agreement was submitted to those governments.

According to the Daily Herald story, the Government's decision to abandon the naval compromise—which settled issues existing between France and England since the war—was due to objections of "certain other naval powers."

"The announcement of abandonment probably will be worded to suggest that the agreement was sabotaged by unreasonable opposition of America," the newspaper said. The suggestion is made that possibly Secretary Kellogg's failure to visit London apparently forced the Government to realize the seriousness of America's opposition.

The newspaper said it was understood that the government will not even await receipt of further communications with Washington, but will immediately announce, in concert with the French Government, that as the scheme apparently is not acceptable to certain other great naval powers, it has been reluctantly abandoned.

Secretary Kellogg made emphatic denial while in Paris of reports that he had intentionally left England off his visiting schedule. He said that limited time made it impossible for him to go to London, but that he wished very much it could have been possible.

Ocean Flights Expensive For Shipping Lines

LONDON, Sept. 7.—UP—Search for lost trans-Atlantic liners has become an important item in the expense of operating ocean liners.

Even when a flight is successful, ships along the route taken by the "planes" are obliged to keep an extra watch and to communicate the position of any plane sighted. This is cheerfully done, of course, and ships are diverted from their courses just as cheerfully when word is received that a "plane" has been lost. But the expense to the shipping companies is far greater than the layman would imagine.

If a liner spends one day seeking a lost airplane, the shipping company must bear at least the following loss: one day's extra pay for the crew, one day's extra food for passengers, fuel for one extra day, one day lost in port before the return sailing. Then, too, the passengers may miss connections in port or suffer loss in business transactions. The officers and crew are forced to work under nervous strain during the search and in attempting to regain lost time after the course is resumed.

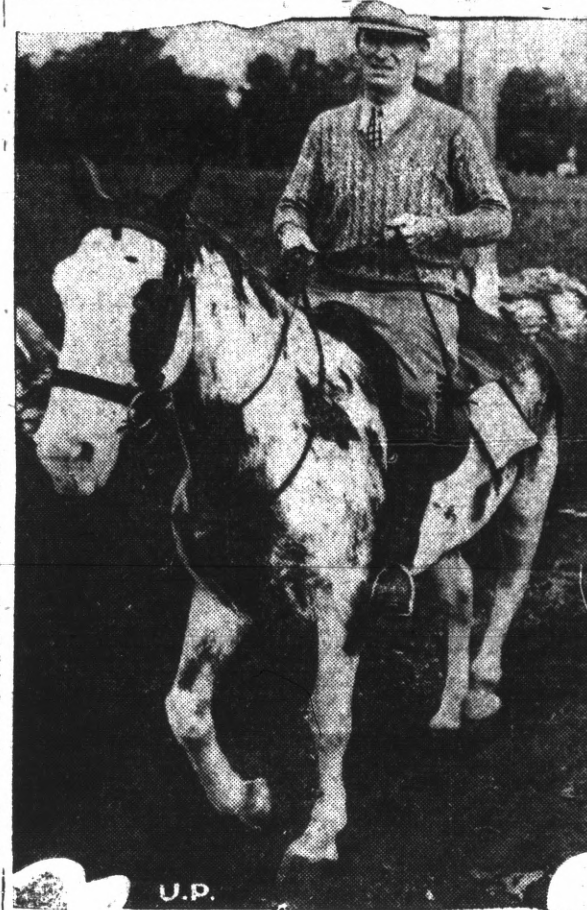

Officials of shipping companies do not complain of this extra expense. Saving lives is part of the tradition of the sea. There is no thought of compensation. A

ALIME TSCHIFFELY of Buenos Aires has ridden 9,500 miles since April, 1925, when he left his home city bound for Washington. Even the South American jungles, Tschiffely said, were not as perilous as United States roads, what with autoists maintaining heedless speed.

remembrance for the captain or a donation for the crew of a liner may be made in all sincerity, but it is nothing compared with the expense of a rescue. Many ships which leave their courses too late to be of service are not even mentioned when the newspapers tell their thrilling story of what the aviators thought about while waiting to be saved.

"The actual cost of making a rescue at sea can hardly be estimated," a spokesman for the United States Lines in London told the United Press. "If a stranded airplane sends out an SOS, all the ships within reasonable dis-

tance answer the call at full steam. But the plane may drift from 50 to 100 miles before it is sighted. The first ship on the scene will advise the others if help is not needed.

"Suppose that the Leviathan, with 1000 passengers and 800 in the crew, loses a day in seeking or rescuing a trans-Atlantic plane. A conservative estimate, without counting a day lost in port before the return voyage, places the loss at \$14,000."
